Date: 11/27/2022

Dear Patients,

I would like to thank you all from bottom of my heart on this Thanksgiving holidays and with mixed emotions, I am announcing retirement-closure of my Practice in March 2023. It has been a great pleasure and privilege providing for your health care needs over the years, and it is certainly not easy for me to give it up. Many of you I have treated have been like friends and families, and I have learned a lot from many of you as well. After over 10 years of serving medical needs of patients, I am planning to be involved in providing volunteer medical services and take care of my family among many other things I am looking forward to.

All Obstetrics- Pregnancy related patients are advised to transfer their ongoing pregnancy care in Timely manner if you are due February 2023 onwards, especially if less than 32 weeks of pregnancy. All other pregnancy patients due for delivery before February 2023, please check with office staff at your next visit and we have ongoing arrangements available for those patients due in January till their postpartum care is completed.

All Gynecologic visits for new or established patients will stop from 01/01/2023 and our practice or I will no longer be able to attend any medical needs of those patients.

You should choose another physician to be your OBGYN provider soon. I suggest that you contact your insurance provider and Harris County medical society, or Fortbend county medical society to assist you in choosing your new OBGYN provider. Your medical records are confidential, and it will be stored at the Medical Records Custodian designated by Women's OBGYN Care PLLC and you can find details on our website (<https://www.womensobgyncare.com>). Your copy can be transferred to another physician or your new OBGYN provider or released to you or another person you designate only with your permission, please follow the instructions on our website (<https://www.womensobgyncare.com>), so we can transfer your records per your request. I have greatly valued our relationship and thank you for your loyalty and friendship.

Again, Thank you for your trust, and I wish you the best of health in the future. I could not be thankful enough for your trust and faith, allowing me to take care of you and your loved ones.

Sincerely,

Dr Jayshree Patel
Medical Director
Women's OBGYN Care PLLC
